

Cutting #5 Dan & Diana

DAN

Why would you want to remember the things that hurt you?

DIANA

I want to remember everything, Dan. How did he die?

DAN

He was sick.

DIANA

With what? Why wasn't he treated? What was wrong?

DAN

It was something the doctors all missed, the clinic, the ER, they all said "babies cry", "allergies", "gas"and I was a child raising a child.....We stayed up all night...most night you slept at his side. Still, he just cried and cried.

DIANA

(searching) He was a baby when he died. But I remember him.... older.

DAN

No. He was a baby. We should call Doctor Madden.

DIANA

Why would we call Doctor Madden? I'm just trying to make sense of this. God-what was his name? I don't remember every hearing you say his name. Why is that?

DAN

Diana.

DIANA

What was his name? Tell me.
